# GRAND Helicopter Flights CANYON

## Views so extraordinary, you won't believe your eyes.

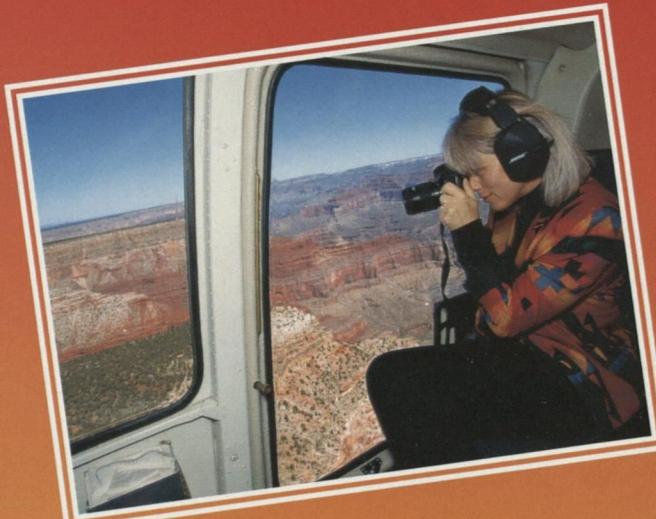

With our new, patented Vista View Windows, the largest picture windows available for any aircraft touring the Canyon, Papillon's Bell jet-powered helicopters reveal a panoramic view beyond your imagination. Flying the lowest and slowest for optimal sightseeing, Papillon's helicopters travel a route that is specifically designed to highlight the most memorable attractions. So climb aboard and view the endless canyons, gorges, precipices and spires in all of their splendor. The sights are truly breathtaking and are ready to be captured in a photograph or your memories for a lifetime.

## State-of-the-art equipment delivers out-of-this-world excitement.

Papillon has assembled an acclaimed fleet of Bell jet-powered helicopters which are lauded for their comfortable and relaxing ride. Each helicopter features dramatic stereo music broadcast over world-renowned stereophonic Aviation Headsets — setting the perfect stage for informative narrations. Atmosphere firmly in place, you'll find yourself overcome by the mood and swept away by the beauty that surrounds you.

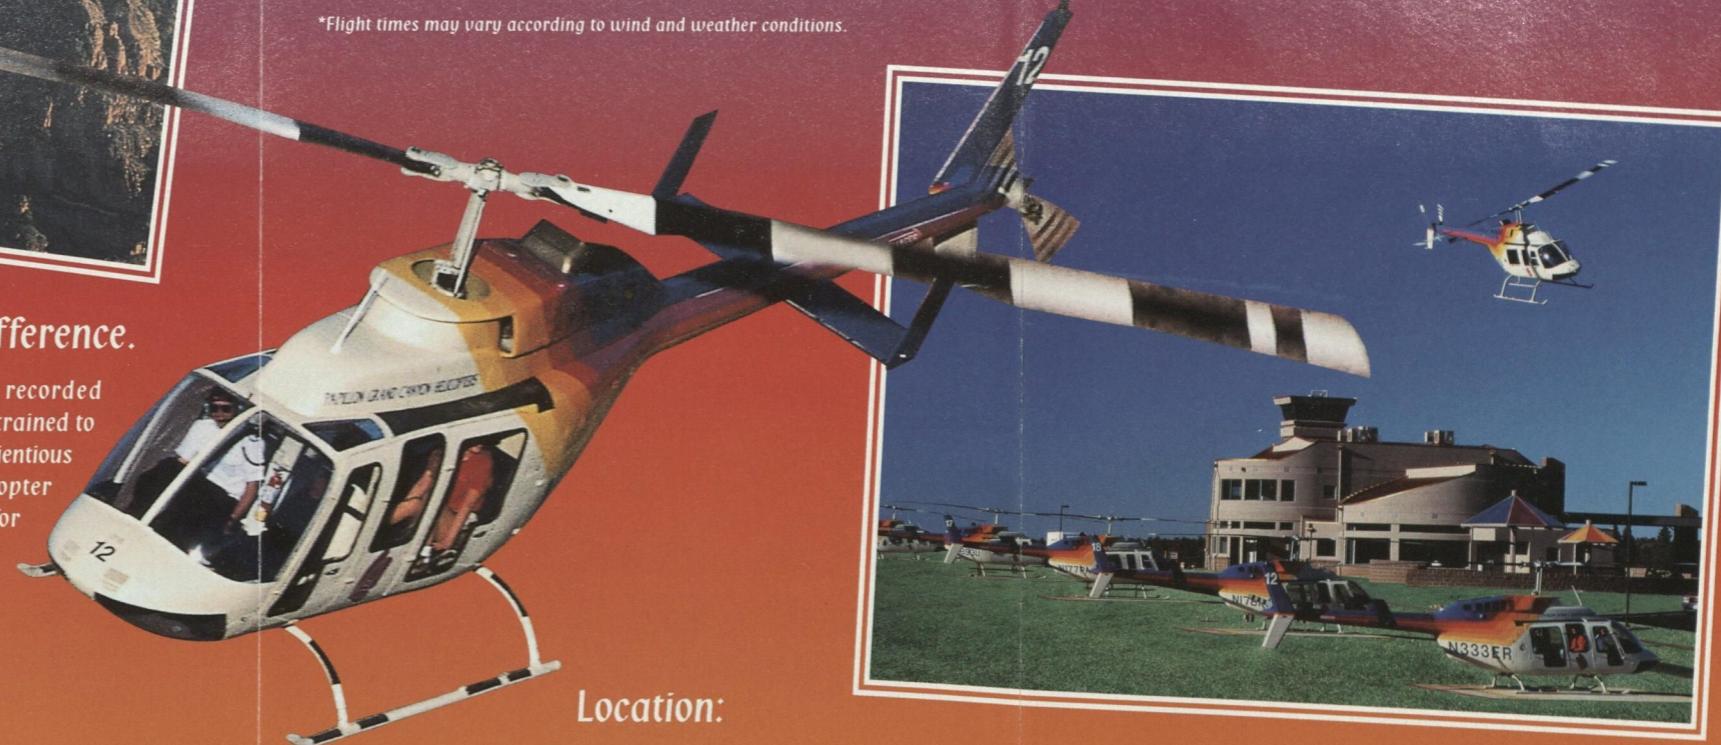

## Papillon Grand Canyon Helicopter Tours— Always a flight above the rest.

The oldest helicopter touring company, Papillon pioneered the flightseeing industry over 34 years ago. Today, we are the largest touring company flying in excess of 160,000 visitors each year over the Grand Canyon.

### Experience the Papillon difference.

Our pilots are also "top flight", having recorded thousands of hours of flying time, and are trained to fly the Canyon in an environmentally conscientious way. Enjoying the Grand Canyon by helicopter leaves it in its original, pristine condition for millions of future visitors. At Papillon, experience is the difference, and great service is the key.

Whichever tour you choose, you're always guaranteed an adventure of a lifetime.

### North Canyon Tour

This exciting tour puts you in the action with a front-row seat to this natural Wonder of the World. You'll marvel at the Canyon's legendary beauty as you sit back and relax in the comfort of one of our newly designed aircraft. You could spend the entire day walking about the Canyon and not see a fraction of the sights you'll enjoy in this 25-30-minute\* tour.

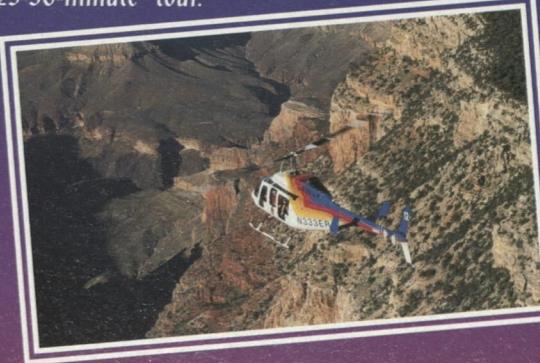

### Imperial Tour

Embark on this 45-50-minute\* tour of the Eastern Grand Canyon that combines with the renowned beauty of the North Canyon tour. The spectacular views of the Painted Desert and Colorado River alone make this tour worth its weight in gold. With so much to see and experience, the Eastern Canyon tour is as unique as it is beautiful.

### Havasupai Daytime/Overnight Excursions

Truly the pinnacle of high adventure, this exclusive tour allows you to enter into the unique world of the Havasupai Indians. Located at the bottom of the Grand Canyon, this village boasts spectacular waterfalls and legendary views that can only be found here. An optional Indian-guided tour on horseback will take you to the foot of the waterfalls. Step back into the Old West, and see for yourself why it's named Havasupai. "People of the Blue-Green Water." Words cannot do justice to the beauty of this landscape—it really has to be seen to be believed. Remember, only Papillon flies to this breathtaking location, so reserve your trip today.

\*Flight times may vary according to wind and weather conditions.

### Location:

Papillon's new, state-of-the-art heliport is conveniently located just off Highway 64, inside the North Entrance to the Grand Canyon Airport. It features first-rate amenities, including an interpretive center, gift shop, cappuccino stand and outdoor patio area for your enjoyment.
